

LUDENDORF AND HITLER CAUGHT

Leaders Of Bavarian Monarchists
Uprising Captured By Troops
After Collapse of Movement

REFUSED TO OBEY AN ORDER

Denial Of Command To Surrender
Leads To Attack, According To
Dispatch From Munich

(By United Press)
Berlin (6 p. m.) Nov. 9.—Adolph Hitler and General Ludendorff were captured by troops who stormed the building in which they had taken refuge after collapse of the Bavarian monarchists uprising today.

Hitler, according to the dispatch from Munich, was wounded.

This afternoon the Munich dispatch said the Commandant of the army sent an ultimatum to the building in which Hitler and Ludendorff were barricaded, demanding they surrender within an hour.

The monarchists refused. The Commandant then ordered two battalions to storm the building and the capture of two chiefs followed.

The coup d'etat in Munich and Guezenberg is ended, an official statement, issued at 12:40 p. m. said. Adolph Hitler and General Ludendorff are entrenched in the ministry of war (at Munich).

Von Poehner, (one of the monarchist leaders), has been arrested, the statement said.

The army remains loyal to the Bavarian government, according to the statement.

The official statement is based on a message from Wuenzberg.

All public buildings in Munich now are occupied by the proper authorities, the statement says, with the exception of the war ministry where Ludendorff and Hitler are barricaded.

The coup is over the message says.

The weakness of the Bavarian monarchist uprising caused Crown Prince Rupprecht to refuse to cooperate with Ludendorff and Hitler from the start. Rupprecht, who gained renown during the war as a strategist, apparently saw that it was strategically impossible for Bavarian troops to march on Berlin.

ARMISTICE DAY IS EMPHASIZED BY BANK

Message Referring to Occasion And
Small Flag Given to Every School
Child in County

QUOTATION ABOUT THE FLAG

A small flag and an Armistice Day message from the American National bank of this city was given to every school child in Rush county today. The Armistice Day message, which is an attractive four-page leaflet, was distributed among the school teachers of the county when they met in regular monthly institute here last Saturday, together with a small American flag, with the request that they be given to the school children today to remind them of Armistice Day and what it means.

The leaflet quotes Charles Sumner on The Flag as follows: "It speaks sublimity, and every part has a voice. Its stripes of alternate red and white proclaim the original union of thirteen states to maintain the declaration of independence. White is purity; red, for valor; blue, for justice."

The Armistice Day message is signed by Robert A. Innis, president of the bank, and is as follows: "Armistice Day is and should be a day of rejoicing and thanksgiving that again our arms were carried to victory in the cause of Right. But when on this day at eleven o'clock we pause to pay silent tribute to our hero dead, let us once more with right hand lifted to God, pledge our allegiance to this flag under whose folds they made the supreme sacrifice that this victory might be, and let us again defend it with our very all, our lives if need be, that our Declaration of Independence may continue and the Constitution exist as the supreme law of the land."

STATE EVIDENCE CIRCUMSTANTIAL

Defense Rests in Perkins Arson
Case at Two O'clock and Jury
Was to Get it at Four

TWO HOURS FOR ARGUMENTS

Defendant Sticks to Story That He
Did Not Know How Store Room
Caught Fire

The case of the state against Earl Perkins, charged with arson, was expected to be given over to the jury at four o'clock this afternoon, as the evidence was completed at two o'clock and each side was allowed an hour for the final arguments.

Each side put up a hard fight in the case, and the decision of the jury will have to be reached on circumstantial evidence that is alleged to have incriminated the defendant.

The state finished with their side if the evidence about ten o'clock this morning, and the defense then began their testimony, following the opening statement to the jury by Albert C. Stevens, attorney for the defense.

Perkins, who is charged with setting fire to a store room at Seventh and Arthur street last April, in order to collect \$800 of \$900 insurance that he had on household goods stored in the rear of the building, was expected to take the stand late today on his own defense.

Mr. Stevens in presenting his statement to the jury this morning, stated that their evidence would show that in 1922 Perkins was a farmer, tenanted on the shares for Ora Logan, south of Rushville, and at that time took out an insurance policy for \$2,300 on his household goods, grain implements and other belongings.

The policy, he said, was written by Orville Maple, and when the defendant moved to the Earl Winship farm, the agent for the company delayed action in transferring the policy, and at about that time the agent received a prison sentence for embezzling funds from the insurance company.

Harry Armstrong succeeded the agent, and during the interval the defendant moved to this city to the room at Seventh and Arthur streets, and the attorney stated that their evidence would show further that the new agent for the insurance company, Mr. Armstrong, had told

IN CONTACT WITH 2550 VOLTS

Son of Carthage Man Saved Because
of Being Strapped to Pole

Knights town, Ind., Nov. 9.—Lyle Brennan, son of F. E. Brennan, owner of the Carthage Electric Light Plant, had a narrow escape from death about 1:30 p. m. Wednesday, when coming in contact with an electric wire carrying 2,550 volts. He was working at the top of a pole near the power house at Knights town, and only the fact that he was strapped to the pole and was "dug in" with his climbing spurs, prevented him falling backward to the ground.

He recovered sufficiently a little later to descend the pole. Five fingers were burned through heavy sheepskin-lined gloves and he suffered from contracted muscles about the back and chest, and although able to be out will not work for several days.

An hour previous to this accident, F. E. Brennan had ascended the pole with a glass insulator in his belt, and the glass fell, striking William Shaffer, a workman, on the head and inflicting a painful injury.

Founder of Ku Klux Klan Asserts

SOUL MUST NOT BE KILLED

Simmons Reveals That He Plans
New Organization With Nucleus
of His Following in Klan

Atlanta, Ga., Nov. 9.—The Ku Klux Klan is on the rocks, Wm. Joseph Simmons, founder and emperor of the organization, declared today.

In an interview discussing events which split the Klan into factions, one headed by himself, and the other by Imperial Wizard H. W. Evans. Culminating in the murder of W. S. Cohn, attorney for Simmons, by Phil E. Fox, publicity man for Evans Simmons said:

"The klanship is on the rocks. The physical organization may be torn down. But the cause must live, the soul of the movement must not be killed."

Simmons revealed that he plans a new organization with a nucleus of his following among the Klan membership. He estimated seventy percent of the Klan members supported him and said he would call a gathering to launch his new movement shortly.

Simmons declared Evans had usurped authority beyond his office.

"We have been headed for the rocks since November 1922" Simmons said.

"The first split came over the organization of the Kameka, the women of the Klan, which Evans opposed. I have withdrawn the call for Kameka and that part of the organization has been pigeon-holed indefinitely."

Officials seeking to establish a motive for the shooting of Cohn by Fox today questioned high officials of both factions of the Klan.

Evans To Speak at Fort Wayne

Indianapolis, Ind., Nov. 9.—Dr. H. W. Evans, imperial wizard of the Ku Klux Klan, will make a public statement on the slaying of William S. Cohn, attorney for an insurgent element in the order, at a meeting of Indiana Klansmen in Fort Wayne tomorrow, Milton Elrod, spokesman for the Indiana realm of the Klan, declared today.

Elrod declared Evans has made no effort to evade making a statement in connection with the murder of Cohn.

Oklahoma City, Okla., Nov. 9.—Al-
dred Blake, closest adviser to J. C. Walton during the suspended Governor's fight with the Ku Klux Klan, gave damaging testimony against his former chief in the executive's impeachment trial today.

While "Governor Jack" sat smoking his corn cob pipe with Mrs. Walton sitting closely by, Blake told of the employment of men for the governor's personal service, who were on the pay roll of various departments of the state.

Blake said he knew five men on state payrolls who gave their time to personal service for Walton.

Oklahoma City, Okla., Nov. 9.—
Testimony concerning the purchase of a \$38,000 "mansion" by Governor J. C. Walton with money obtained by sale of notes to the Marland Oil Company, was presented at today's session of the impeachment hearing against the suspended executive.

Long lines of curious waited before the doors of the senate chamber attempting to gain admission to witness the spectacular battle for his job by Oklahoma's "fire-eating" governor. Although the galleries will only accommodate 2,000, crowds before the doors at the opening of the second day of the impeachment hearing was estimated at 5,000.

CONFERENCE FATE IS IN THE BALANCE

Turn of Events in Germany May Up-

ment of Reparations Muddle

VIRTUAL DECISION CERTAIN

French Envoy in Washington Sched-
uled to Call on State Department
Some Time Today

By A. L. BRADFORD
(U. P. Staff Correspondent)

Washington, Nov. 9.—The fate of the American plan to settle the reparations controversy through an expert conference, to investigate Germany's capacity to pay, is expected to be virtually decided today.

At the same time the Bavarian rule in Germany and rise to power of General Ludendorff has injected a new element, leading diplomatic quarters here to believe that this turn of events in Germany may upset the Hughes program.

Ambassador Jusserand, the French envoy here, is scheduled today to go to the state department and deliver to Secretary Hughes another communication from Premier Poincare, which, according to informed quarters, will spell an agreement or disagreement between the American and French governments over a basis for the proposed conference.

Meanwhile the state department was awaiting from Ambassador Houghton at Berlin, detailed advice on the Bavarian uprising.

In advance of a report from Houghton, department officials early today declined comment in any form of Houghton's reported warning to the Germans that a monarchist coup would mean the United States would abandon efforts to get the reparations tangle straightened out.

French Reiterate Stand

Paris, Nov. 9.—The French foreign office today published a note explaining the position of France toward the proposed conference of experts to determine Germany's capacity to pay reparations.

The note reiterated France's position that the conference is useless if it is to consider the poverty of prosperity of Germany in the future, as that cannot possibly be determined. The note said the proposed conference should first deliver the allies a statement of Germany's resources at home and abroad and then indicate that part of these resources can be used for the payment of

The fire was confined to the warehouse.

NEWCASTLE MAN IS HONORED

Four Rushville Attorneys Represent
Rush County Bar at Muncie Ban-
quet Thursday Night

Judge Will M. Sparks of this city made the principal address at a banquet held in Muncie Thursday evening in honor of Judge Fred C. Gause of Newcastle, who was appointed judge of the Indiana supreme court two weeks ago by Governor Warren T. McCray. There was also a short address by Judges Charles K. Bagot of Anderson, and Rufus Hinshaw of Newcastle, who succeeded Judge Gause as judge of the Henry circuit court, presided as toastmaster.

Douglas Morris, Donald L. Smith, George W. Young and Judge Sparks represented the Rush County bar at the dinner, which was held at the Hotel Roberts in Muncie and which was attended by approximately 150 jurists and attorneys from eleven eastern Indiana counties.

Judge Sparks electrified the banquet with his address on the subject, "Bench and Bar," according to the Rushville attorneys who attended. Mr. Morris said that the lawyers and judges present arose as one man when the Rushville judge had finished his address and cheered him to the echo.

"Give us a judiciary that is not afraid to stand firm for the right at all times," was one of Judge Sparks' assertions that won approval of the jurists, according to a dispatch from Muncie describing the banquet.

Judge Bagot's remarks on appreciation of the jurist in whose honor the banquet was arranged found hearty response when in speaking of the honor that has been bestowed upon Judge Gause, he declared him to be "a man who was born to be a man among men—a leader of men, one who will go on and on in the path of fate and progress."

After expressing his appreciation of the honor done him, Judge Gause, responding briefly, confined his address largely to an appeal for the higher standardization of the profession of law. "While," he argued, "there is need of raising the standard for admission to the bar and there should be no objection to raising the standard of educational requirements," he insisted that character was the principal foundation requirement, declaring firmly for the man of "high ideals," and said that a dishonest educated lawyer is more harmful than the ignorant practitioner.

William Jones And Theodore Arm-

Confessed Killing

THREE OTHER MEN RELEASED

Signed Confession in Edwardsport
Bank Robbery Not Made Public
Due to Fear of Mob Violence

(By United Press)

Vincennes, Ind., Nov. 9.—A full confession to the murder of Charles Wright, cashier of the Edwardsport state bank, has been obtained from one of the suspects held in the Knox county jail, it was announced at the sheriff's office at noon today.

The confession came after eighteen hours of continuous grilling. The other suspect, it was understood still stoutly maintained his innocence.

The two men under arrest are William Jones and Theodore Armstrong, Bicknell miners.

Vincennes, Ind., Nov. 9.—William Jones, 23, and Theodore Armstrong, 30, of Bicknell, are held in the county jail here today following an all night grilling of five suspects taken in connection with the murder of Charles Wright, assistant cashier of the Edwardsport state bank, during an attempted holdup yesterday.

It was rumored that the two men had signed a full confession, but that announcement of the confession was withheld by Prosecutor Floyd Young because of fear of mob violence.

Miners from the Edwardsport fields joined the crowds of Vincennes citizens which swarmed around the county court house all night long while the suspects were being questioned.

Threats of mob action against the suspects were heard.

Early this morning Cecil Squires, Fred Opdenhof and Jesse Opdenhof were released and Jones and Armstrong were taken to the jail for further questioning.

"We're satisfied we have the right men," Prosecutor Young declared this morning. "The case is coming along fine, but we're not in position to say anything further at this time."

Squires, and the Opdenhof brothers were arrested here yesterday afternoon when they drove into town with a car answering the description of the machine in which the slayers of Wright escaped from Edwardsport.

Close questioning established the

CANDIDATES ATTEND COMMITTEE MEETING

Several Formal Announcements Ex-
pected as Result of Gathering
of Indiana Democrats Today

GOVERNORSHIP ASPIRANTS

Indianapolis, Ind., Nov. 9.—Prospective candidates for the democratic gubernatorial nomination came hopefully to Indianapolis today for the meeting of the Democratic state committee.

Several formal announcements were expected from the candidates and near candidates as a result of the meeting.

Those invited to attend and air their ambitions, if they have any, for the governorship, were: Dr. Carleton B. McCulloch, Indianapolis; William N. O'Brien, Lawrenceburg; Dale J. Crittenden, Anderson; John S. McFadden, Rockville; Charles S. Batt, Terre Haute; and Joseph M. Cravens, Madison.

None of these men has yet made formal announcements but all are much talked of as possibilities. So modest have the Democratic aspirants been that each waited for some one else to take the first plunge.

Finally, with three Republican candidates already announced and making preparations for active campaigning, the Democratic state committee decided the time had come when modesty was no longer a virtue. The meeting was called to get the prospective candidates together and start off the race.

According to Elrod, Evans will tell the klansmen of the nation in his Fort Wayne address all the facts concerning the difficulties that led to the shooting.

Klan leaders refused to reveal when Evans was to arrive in Indianapolis, or when he would leave for Fort Wayne.

It was understood that preparations were being made to move national propagation headquarters from Columbus, O., to Indianapolis.

and subdue Prussia on behalf of the re-actionaries.

Rupperecht, throughout the world war, opposed Ludendorff as visionary, whose plans pointed to disaster. Without Rupperecht's support the Ludendorff hope in the monarchists' interest had to turn to the Hohenzollerns. This is doubtless the reason why so strenuous an effort was made by the reactionaries a few days ago to arrange for Crown Prince Wilhelm Hohenzollern to return to Germany.

The refusal of the allies to agree to this man left the Bavarian monarchists without a monarch to put on the throne and thus handicapped the Ludendorffian movement died aborning.

NEW MAPS OF STATE ROAD SYSTEM ARE OUT

Contain Recently Adopted Mileage and Show Renumbering on Approximately 20 Percent of Roads

MAPS ARE FREE TO PUBLIC

New maps of the Indiana state road system containing recently adopted mileage, and showing renumbering on approximately 20 per cent of the roads, have just been issued by the state highway commission.

John D. Williams, director of the state roads body, has ordered maps sent to each newspaper office in the state, hotels and numerous garages. The map is free if the public will either write or call at the department offices in the statehouse.

The Standard Oil Company of Indiana, Inc., has placed maps in their 200 filling stations in this state and by receiving a traffic report weekly from the commission showing condition of the roads, is prepared to perform an excellent service to the motoring public. With one of the best road systems in the nation; also the best marked, the motoring public will find it very convenient to travel state roads merely by following the numbers designated on the new maps and duplicated along the highways.

EMBEZZLEMENT CHARGED

Lafayette, Ind., Nov. 9.—A. W. Murphy was under arrest today charged with embezzling \$1,200 from the local boiler-makers Union during his term of office as secretary of the organization. Murphy did a term in the federal penitentiary for embezzling postal savings funds from the Lafayette postoffice.

ADMIT MURDER OF CASHIER, REPORT

fact that the men had no connection with the Edwardsport holdup, it was explained when the trio was released.

Jones and Armstrong are coal miners from Bicknell. Both failed to show up for work at the mines yesterday. According to evidence in the hands of the county officials, the two men drove west of Bicknell yesterday morning and forced a farmer to give them a jug of white mule.

They told the farmer they were members of the horse-thief detective association, according to the evidence, and said he would be arrested if he didn't come through.

After drinking the moonshine, the two men planned the Edwardsport robbery, according to the charges, and drove to that town.

Prosecutor Young refused to reveal further details of the confession which he was reported to have. It was said however, that Armstrong had admitted firing the two shots which killed Wright.

Wright was slain shortly after noon yesterday when two bandits entered the bank and demanded that he turn over the cash.

He was alone at the time. The business section of the town was practically deserted.

Two shots were fired in the bank and the two bandits fled in an auto, firing at pedestrians as they sped out of town.

Wright was shot in cold blood. He had apparently attempted to defend the funds of the institution which had been entrusted to his care. He was found lying in the cashier's cage with two bullet holes through his body.

Yesterday was payday at the coal mines near Edwardsport, and the robbers were apparently well enough acquainted with the community to know this fact.

They lost their nerve after killing Wright and fled without taking any of the money from the cashier's cage.

The Edwardsport bank was robbed of \$2,000 by two bandits in a daylight holdup last July.

him on several occasions that the \$2,300 policy was void unless he had it changed at once.

The attorney emphasized the fact that Perkins well knew that the policy could not be collected because the agent had warned him to make the necessary changes.

The defense also stated that their evidence would show further that the defendant was unable to find an empty house in which to live, and had stored his goods there until he could find a house, and that he rented one in West Third street, and was preparing to move on the Monday following the fire on Friday.

The attorney also stated that two colored men entered the pool room early that morning and slugged the defendant, and that he was unconscious, and did not know how the fire had originated. The defense maintained that Eddie Wolters, owner of a grocery store at Second and Cerro Gordo streets, would testify that on the night prior to the fire, that two colored men, answering the description as given by Perkins, had entered his store for a small purchase, and aroused his suspicions.

DELIVERANCE:—For He shall

the poor also, and him that hath no
helper.—Psalm 72: 12.**Railroad Guarantees**

The Esch-Cummins transportation act guarantees nothing to the railroads, yet there are men and periodicals who have affirmed that the government not only guarantees a fixed earning to the railroads, but actually pays out of its treasury large sums of money to make good this guarantee.

This is far from the truth. Furthermore, recent statistics announced by the interstate commerce commission disclose that the railroads, in spite of high rates and record-breaking business, will make less than five percent on the par value of outstanding stock this year, if business continues the last fourth

who have tried Lydia E. Pinkham's Vegetable Compound for ailments peculiar to their sex, have been benefited by it. What a marvelous record for any medicine to hold! Over 50,000 women replied to a questionnaire recently sent out by the Lydia E. Pinkham Medicine Co., of Lynn, Mass. 98 percent of whom definitely stated that they had been benefited or restored to health by this old-fashioned root and herb medicine. This is a most wonderful record for efficiency, and should induce every woman who suffers from any ailment peculiar to her sex to give it a fair trial.

of the year as it did the first three-fourth.

In contrast to these figures, is the statement of "Labor," a New York publication representing the railway labor unions, which asserts that the profits of the railroads this year will amount to enough to pay 8.9 percent on every share of stock outstanding.

Certainly there is a gross misrepresentation of facts some place. Naturally "Labor" is dedicated to the purpose of fostering the interests of the organized railroad worker, and if there is any misrepresentation of facts, fair-minded people would be inclined to suspect the labor paper. It has been pointed out repeatedly the heavy overhead incurred by the railroads is blamed labor charges, which has been thrown in a large measure for the continual increase in freight rates.

We can not soon forget the "capture" of the white house during the trying days of the war, when the labor unions had the upper hand, and when the president and Secretary McAdoo capitulated. Organizations that will take advantage of a situation such as that was, when our common country was in peril, may be expected to go even farther in times of peace, to serve their own ends.

Socialistic Bubble Explodes

With the admission publicly made by the Australian Premier that national operation of ships has resulted in bankruptcy, another socialistic bubble is punctured.

Government operation of the Australian fleet has paid nothing into the public treasury, but has taken \$30,000,000 out of the pockets of the Australian people.

Their big fleet was taken over during the war under rather favorable conditions, Australian ships operating free from all restrictions imposed on other shipping.

Socialists rejoiced that tonnage was short, markets plentiful, middlemen and selfish interests ditched and only the public welfare was to be considered.

The Prime Minister shows a loss in operation of \$14,000,000 in two years, and gross cost of the fleet of \$70,000,000 shrunken to \$23,000,000. A new shipping board is to take over the fleet at \$23,000,000 and a great \$11,000,000 dockyard, at \$2,000,000.

The taxpayers who lost a large sum in the venture, are now asked to supply a farther large sum to enable the government to continue in the business.

Socialism promises to improve the condition of the people but the results in Australia as elsewhere only impoverish them.

Saturday Football

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Nov. 9—Perhaps the "Big Three" has lost most or all of the priority rights that it formerly exercised over all football interests.

Since the great college game spread to the fertile fields of the middlewest and south, the "Big Three" no doubt has lost much of its prestige, but it has not declined to the point of being the "Little Three."

By an unusual lull in the schedule which, up to the present time, has been choked with a flock of most interesting games, Harvard and Princeton will resume their old place and top tomorrow's card.

The rather tattered Tigers and the always strong Harvard eleven will start the fight for the "Big Three" championship in the Palmer Stadium at Princeton.

Defeated, and made to look very bad by that great Notre Dame machine, the Tigers will not carry into the game the interest that would be attached to an undefeated team and a prominent contender for the eastern championship that Princeton has been in the habit of developing in the past three years.

Harvard, without the great George Owen, has not been as formidable as in past years, but regardless of the possibility that neither team measures up to past standards, the Princeton-Harvard game is rich in its tradition and prestige and the established classic of the day.

It may turn out to be the best game of the day. There are no quitters among the Tigers, and it is quite possible that the reverses of the earlier season will be the makings of a great team against Harvard and Yale.

Princeton was defeated by Colgate and West Virginia in 1919, but the Tigers came back and covered

themselves with glory against their rivals of the "Big Three."

As a colorful spectacle the Princeton-Harvard game perhaps will be the leading game of the day, but national interest is by no means centered in the battle among the Nassau hills.

Bobbing up out of the schedule, the Notre Dame-Nebraska game at Lincoln may look like an easy day for the most powerful teams of the east, and after watching that fine eleven one week later when it gave a lesson to the masters of eastern football by thrashing the Princeton Tigers, it was hard to conceive of any team in the country that stood even a small chance of beating Rockne's band.

Nebraska, power of the Missouri Valley conference for two years, apparently is not as formidable as it was last year, but the Notre Dame players approach the game with some concern.

After the Princeton game, the "Micks" said Nebraska was the only team on their schedule they were concerned about as they have been brought around to the belief that they are always jinxed in a game against Nebraska.

It has been a hard, exacting schedule for Notre Dame, with one terrific game after another one, and if the eleven is not right on edge for this game it will be nobody's fault.

Penn State and Georgia Tech will offer an interesting inter-sectional game at State College. The southerners, not quite so good as they have been in the past, will find one fine large job in stopping young Harry Wilson, an All-American half-back if there is one in the east.

Wilson is one of the finest players and he has carried the burden of scoring almost entirely upon his shoulders.

Right out of the Notre Dame and Alabama games, it will be no soft spot for Tech to fall into.

NEBRASKA HAS AN EDGE ON WEIGHT

Average of Six Pounds to Man on
The Line And Ten Pounds in the
Backfield

IRELANDERS REACH LINCOLN

Notre Dame Takes Brisk Workout in
Corn Huskers Stadium Prepara-
tory to Game

Lincoln, Neb., Nov. 9—Notre Dame's pugnacious Irishmen arrived here today and took a brisk, short workout in Corn Husker Stadium.

Thirty five of the team from South Bend, Ind., practiced with a snap that discredited any stories of staleness on the Mick's part.

Work for the Nebraska eleven was tapered off to the minimum and

they used the field but a few minutes, to limber up today.

Early indications are that the two lineups will give Nebraska a weight edge of six pounds to the man on the line and ten pounds to the man in the backfield.

The Corn Husker attack has been speeded up in practice this week, reports from the secret sessions indicated. Coach Dawson has spent the most of his time getting the heavyweight linemen to crash into their opponents with speed.

Notre Dame is ranking under the sting of defeat in their game here last year and make no secret of their desire to win by an overwhelming score tomorrow.

Nebraska, admittedly weaker than last season, has made a very mediocre showing so far this season but is expected to take a decided brace against the Irishmen.

What little betting that is going the rounds gives the Notre Dame team a 20 point margin to win.

Armistice Day for Lincoln will be held in connection with the game that is the premier grid attraction for the Missouri Valley for this year.

CHICAGO Y. TEAM

IS AFTER REVENGE

Will Make an Attempt to Even up
With Wabash College For Defeat
Suffered Last Year

GAME AT CRAWFORDSVILLE

Crawfordsville, Ind., Nov. 9—A year ago when the Little Giants of Wabash College defeated Chicago Y. M. C. A. College by an overwhelming score, one of the defeated players declared, "If we ever get a chance at Wabash again, we'll beat 'em."

Whether that man had any idea of playing the Little Giants again is not known. But this is certain, if they are ever to defeat Coach Vaughan's football team, next Saturday will be their best chance when they come down to Ingalls field at Crawfordsville for another contest on the gridiron. For the Wabash team has not in years been as badly upset by sickness and injuries as it is this season. This added to the fact that no freshmen can be drawn on for strengthening the lineup, makes the Wabash prospects for at least another week look gloomy.

It is understood that Coach Vaughan will spare the few able veterans he has as much as possible for every Wabash student is asking for a victory over Indiana University, Saturday November 17th.

Sideline Glimpses

Chicago.—The Maroons scrimmaged for an hour and then went through a signal drill, putting in the last links before the game with Indiana here tomorrow.

Bloomington.—New plays learned by the Indiana regulars proved to be worth several touchdowns in scrimmage with the Freshmen. The squad leaves for Chicago today.

Madison.—Although Badger hopes have been dampened by Gerber's inability and discouraging reports about the condition of the team, the Wisconsin squad was given one of the biggest send-offs in football history here.

Urbana.—The Illini went through a dummy scrimmage on the stadium grid iron and then were taken by Coach Zuppke to the Champaign Country Club to stay until the Wisconsin game.

Evansville.—The Varsity did most of its advancing by means of the forward pass in a scrimmage against the freshman in which every man on the regular Northwestern squad was given an opportunity to play.

Iowa City.—The Iowa regulars scored seven touchdowns on the reserves with Seantlebury, Yerkes and Fry being used at quarterback. Krasuski, tackle was back in the game after being out since the Knox contest.

Columbus, O.—Gunning for rifts gest hospital list of the season as it State eleven, with a re-arranged line-up, left for Lafayette to battle Purdue University.

Lafayette.—Purdue had its biggest hospital list of the season as it prepared for the Buckeye onslaught. Mayer and Rosberg, linemen, will be unable to play.

Minneapolis.—Freshmen, armed with Hawkeye plays, walloped the Gopher regulars in a gruelling scrimmage. Holmberg, lineman, will be out of the game for the rest of the season on account of a stroke of paralysis.

SPECIAL TRAIN CHARTERED

Five Hundred Students And Band
Will go From Bloomington For
The Big Game

Bloomington, Ind., Nov. 9—Several men probably will start their first Western conference game as regulars on the I. U. varsity when the Indiana football team meets Chicago Saturday at Chicago in the third Big Ten game of the season for the Hoosiers. Coach Navy Bill Ingram would make no announcement about his starting lineup, but it is understood that Chicago will not face the same eleven men who lined up against Wisconsin. Since the disastrous Badger tilt Ingram has changed his lineup continually in an effort to find his strongest combination.

Max Lorber, speedy and sturdy sophomore who has been a substitute in the backfield, will start the game at quarterback. He played the entire game at quarter against Hanover last Saturday and was one of the bright lights of the backfield. Wilkins, the former quarterback, has been shifted to left end and probably will start the Maroon game there. A backfield certainty is Laurence Marks, the Crimson's flashy runner. Moonaw or Prucha will play the other halfback position with Sloate or Zivich at fullback.

Sam Ninnes, tackle, and Harry Hobblek, guard, appear to be likely selections on the left side of the line. Both these erst-while substitutes have shown aggressively in recent workouts and close followers of the Indiana team believe that they can close two holes that have been noticeably open in the forward wall all season.

Ingram probably will choose the remainder of his lineup from the following men: Eberhart, Knox, or Bernoske, ends; Fisher, McCool, Zaiser, or Reynolds, tackles; Springer, Numbly, or Parsell, guards; Capt. Butler center.

Five hundred Indiana Students have chartered a special train, and accompanied by the Crimson's 135-piece band, will depart at midnight for Chicago. RECORD FOR TURF WINNINGS

Zev Establishes New Mark By Win-
ning \$3,000 Event at Pimlico

Pimlico, Md., Nov. 9.—A new record for turf winnings was established here when Zev, the Rancocas 3-year old won the \$3,000 serial weight for age event.

The colt ran up his total earnings for two seasons to more than \$279,000, which is far ahead of Man O'War's previous American record of \$249,000, and a little less than the world's record of \$291,000 set by the English champion, Issinglass.

Kzar, a French horse, is credited with having won \$329,000 but his winnings were figured in depreciated Francs and really amounted to only \$136,000 for three seasons.

War Dept. Employee Offers Strong Proof

"The Tanlae treatment is good in the fullest sense of the word," is the concise manner in which P. M. Hubbard, 313 Cameron St., Alexandria, Va., a clerk in the War Department, Washington, D. C., recently spoke of his experience with the medicine.

"For more than a year past I have suffered from a nervous run-down condition. My digestive organs did not work right, I had little appetite and what I did eat failed to give me proper nourishment. My rest at night was broken, my nerves unstrung, I was considerably under

weight, had lost much energy and always felt more or less fagged out. "I bought Tanlae on the advice of a friend and can say that it fully met my needs in every way. I now feel stronger and better by far than I have in months. I eat well and sleep well, have gained up in weight and energy and feel renewed in every way."

Tanlae is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold.

Art Payne's orchestra of Louisville, Ky., won the admiration of the dancers in this city Thursday evening, with their splendid dance music they furnished at the Elks dance. Approximately sixty couples, including many out-of-town guests, were present for the affair. The dancing began at eight o'clock and continued until twelve o'clock.

The Young people of the First Presbyterian church have organized

themselves into a Christian Endeavor society by electing the following officers: President, Miss Imogene Megee; vice-president, Miss Flora Gutehoffel; secretary, Miss Bernice Kelso; treasurer, Miss Edna Megee; pianist, Janie A. Megee; assistant pianist, Miss Lydia Hunter. The following committees were appointed: Prayer meeting, Miss Carolyn Wilson, Miss Flora Gutehoffel; Lookout committee, Bertha Moore and Helen Murphy; Social committee, Bernice Kelso and Mrs. Gibson Wilson. The society is to be a training school for developing church workers. A goodly number of the young people of the church have identified themselves with the organization.

number of their invited guests. The hostesses were Miss McClanahan, Mrs. Charles Offutt, Mrs. C. E. Walden, Mrs. Neff Ashworth and Mrs. Will M. Amos. A program of rare merit and variety was given by three of the members, Mrs. Hugh Mauzy, Mrs. Derby Green and Mrs. Russell Harton, along with Mrs. Jessie Kitchen of Columbus, Ind.

Each number was excellent and showed fine musical taste and skill. The duos by Miss Kitchen and Mrs. Mauzy were very fine, the Spanish Rhapsody, especially eliciting much admiration. Miss Kitchen, formerly of this city, is a favorite with Rushville music lovers, who appreciate her great ability as a pianist and she was given a hearty welcome. Mrs. Mauzy, Mrs. Green and Mrs. Harton charmed all by their excellent work and Mrs. Young and Mrs. Crane showed excellent ability as accompanists.

The new club is greatly to be commended for reviving the study of music in the midst of local musicians, and if the program of yesterday is an example of the future, its success is assured. At the conclusion of the program, refreshments were served and a social hour passed.

The program was as follows:

- 1—Suit, Op. 15, three movements (Anton Arensky).
- 2—Romance—Valse—Polonaise, Miss Jessie Kitchen, Mrs. Hugh Mauzy.

METHODISTS TO HOLD STATE MEET

On November 13 State Council Has
Session And on 14th Four Large
Meetings Will Be Held

INCLUDES EPWORTH LEAGUES

National Officers of League to Come
From Chicago to Conduct Confer-
ences—DePauw Choir to Sing

The Methodists of Indiana will hold state-wide meetings of the highest importance in Indianapolis, November 13th and 14th. The first day the State Council has a session. The outstanding day is the 14th when four large meetings will be held. The Epworth Leagues of the state will meet all day at Central Avenue Church. The national officers of the League will come from Chicago to conduct training conferences. The DePauw Choir will sing. Dr. Daniel L. Marsh, the missionary authority of Pittsburgh, will give the evening address.

At Meridian Street Church laymen will have a meeting for men and women at 10:00 o'clock. The speakers will be Homer M. Frank, Jeffersonville; A. B. Cline, Bluffton; John A. Rowe, Bedford; and President Albert E. Smith, D. D. Ph. D., Ohio Northern University.

Pastors of the state will also meet at 10:00 in Roberts Park Church with a strong program. At 2:30 p. m. a Kingdom Service for both pastors and laymen will be conducted by the leading representatives of great causes, Dr. R. J. Wade speaks on "Thy Kingdom Come", Dr. D. D. Forsyth, Philadelphia, "Christ's Task in America", Dr. Clarence True Wilson, Washington D. C. will give a rousing address on "The Church Needed". He is the head of the Methodist Board of Temperance and Public Morals.

The high point of the Convocation will be the mass meeting at Roberts Park Church at 7:00 p. m. Dr. B. D. Myers of the Indiana Medical School will preside. The chief speaker will be Mr. Arthur Nash, called "The Golden Rule Merchant," the Cincinnati manufacturer who in three years has increased his business from \$100,000 to \$4,000,000 by Golden Rule methods. At this meeting also the choir of Wesley Foundation of Purdue University Methodist Church, 70 voices will give a rich program. All the sessions are open to the public.

three old admirers. The three men are played by Claude Gillingwater, William H. Crane, veteran of the stage, and Alec Francis. Others in the cast are John Sainpolis as Sydney's father, unjustly imprisoned as a forger, William Haines as her sweetheart, Lucien Littlefield, ZaSu Pitts, Martha Mattox, Fred J. Butler, Charles Hickman, Craig Biddle, Jr., Creighton Hale and Raymond Hatton.

The picture has one great spectacular scene in which three convicts break jail in an armored motor car which is later wrecked. This scene is guaranteed to furnish thrills a-plenty. The story ends happily with Sydney's father returned to her. The photography is beautifully clear and the exteriors contain many "shots" of charming scenes.

"The Fighting Strain"

"The Fighting Strain," which comes to the Mystic Friday, is a powerful and different story from any of the previous stories heretofore released on the Neal Hart series—a story of staunch friendship and red-blooded men.

The hero Jack Barlow (Neal Hart) who answered his country's call in the Great War and the fighting strain in his veins won quick promotion from the ranks.

During one of the rushes over the top Jack rescues from certain death his buddy Canfield, who swears undying friendship should they ever get back to America.

Bess, Jack's sister, while he is "over there," lives alone on his ranch.

Jim Black, a crooked mine operator, makes love to her, having the knowledge that her father, now dead, had a rich undeveloped claim in Canada; she refuses to marry him, however, until her brother Jack returns or she hears he will never return.

Conceiving an idea, Black bribes the town printer to publish the news of Jack's death, and showing this to Bess she consents to go to Canada to the scene of his operations.

Jack and Canfield return to America and are met by Canfield's father and sister, at which meeting it is a case of love at first sight on the part of Canfield's sister and Jack.

Canfield persuades his father to allow him and his sister to inspect his mine in Canada in which he has invested a large sum.

Jack returns to his home, and asking about his sister, learns of the conspiracy and sets out on the trail.

To appreciate the powerful denouncement to the thrilling story, it is necessary to see it enacted on the screen.

MOVIES

Opening Bill At Castle

A blending of charming comedy, thrilling reality and fascinating romance is promised in Goldwyn's first King Vidor production, "Three Wise Fools," from Austin Strong's popular stage play produced by John Golden and Winchell Smith, when it comes to the Castle theatre today for two days. Vidor is known as one of the most gifted of the younger directors. His stories and characters have the aspect of reality without sacrificing romance and charm. In this photoplay he is said to have surpassed his own previous good work.

Goldwyn gave him a most capable cast to interpret the story. There is Eleanor Boardman of "Souls for Sale" fame as Sydney Fairchild, daughter of the woman with whom the "three wise fools" had been in love in their youth. She had married another man, and, upon her death, gave her daughter to the care of her

Jobs are scarce for the Physically Run-Down

THE DOOR of opportunity flings wide its portals only to the man who is up and going—who is filled with pep and punch—with rich, red blood tingling through his veins. Mountain size obstacles dwindle to ant hills and ambitions become accomplishments to these sort of men.

Where is the employer who seeks the man who is physically run-down? —The man without stamina to withstand the knocks and gaff of the hurrying, scurrying world of business?

S. S. S. is the long established and time honored creator of red blood cells. You cannot expect to get very far up the ladder unless you are equipped with a body that is strong and vigorous. S. S. S. will start you on your way. Don't allow the "Door of Opportunity" to be closed to you because you have not the stamina to withstand the gaff—because your nerve power is lacking. Build up your system!

S. S. S. made of carefully selected and scientifically prepared and proportioned herbs and barks makes you fit! Get back that old time punch! When opportunity knocks be ready to answer the call!

S. S. S. is sold at all leading drug stores. It is more economical to buy a large size bottle.

STATE BUILDING CODE IS OFTEN VIOLATED

Housing Division of State Board of Health Has Issued 700 Orders to Landlords This Year

IMPORTANCE OF THE HOME

Indianapolis, Ind., Nov. 9—Working on the theory that the future of a nation rests upon the physical and mental vigor of its children, the housing division of the state board of health has issued 700 orders to landlords this year to correct conditions found to be in violation of the state building code.

"Second only to the proper nourishment of children is the condition of the home in which they live," says A. E. Wert, director of the division. "Responsibility for seeing that the home conditions of children—particularly in the tenements—rests with the housing division."

"If the average home is poorly ventilated or badly heated, the next generation will suffer in its physical development. If the home conditions are not correct, the children cannot be expected to take advantage of the instruction offered in public schools."

The housing division has redoubled its efforts to see that the housing conditions are healthful, as evidence of which the number of orders to improve conditions is nearly twice the number last year.

Of the 700 orders sent out, only a few have had to be enforced in the courts, and in a few extreme cases, Wert ordered buildings razed.

They certainly know how to conserve on room on this gigantic tow operating along the Mississippi River. This government steamer, with its string of barges, is carrying enough merchandise to fill 400 freight cars. And ordinarily, that would make eight good-sized trains. LUDENDORF AND HITLER CAUGHT

Leaders Of Bavarian Monarchists
Uprising Captured By Troops
After Collapse of Movement

REFUSED TO OBEY AN ORDER

Denial Of Command To Surrender
Leads To Attack, According To
Dispatch From Munich

(By United Press)

Berlin (6 p. m.) Nov. 9.—Adolph Hitler and General Ludendorff were captured by troops who stormed the building in which they had taken refuge after collapse of the Bavarian monarchist uprising today.

Hitler, according to the dispatch from Munich, was wounded.

This afternoon the Munich dispatch said the Commandant of the army sent an ultimatum to the building in which Hitler and Ludendorff were barricaded, demanding they surrender within an hour.

The monarchists refused.

The commandant then ordered two battalions to storm the building and the capture of two chiefs followed.

The coup d'etat in Munich and Gurezenberg is ended, an official statement, issued at 12:40 p. m. said. Adolph Hitler and General Ludendorff are entrenched in the ministry of war (at Munich).

Von Poehner, (one of the monarchist leaders), has been arrested, the statement said.

The army remains loyal to the Bavarian government, according to the statement.

The official statement is based on a message from Wuenzburg.

All public buildings in Munich now are occupied by the proper authorities, the statement says, with the exception of the war ministry where Ludendorff and Hitler are barricaded.

The coup is over the message says.

The weakness of the Bavarian monarchist uprising caused Crown Prince Rupprecht to refuse to cooperate with Ludendorff and Hitler from the start. Rupprecht, who gained renown during the war as a strategist, apparently saw that it was strategically impossible for Bavarian troops to march on Berlin.

ARMISTICE DAY IS EMPHASIZED BY BANK

Message Referring to Occasion And
Small Flag Given to Every School
Child in County

QUOTATION ABOUT THE FLAG

A small flag and an Armistice Day message from the American National bank of this city was given to every school child in Rush county today. The Armistice Day message, which is an attractive four-page leaflet, was distributed among the school teachers of the county when they met in regular monthly institute here last Saturday, together with a small American flag, with the request that they be given to the school children today to remind them of Armistice Day and what it means.

The leaflet quotes Charles Sumner on the Flag as follows: "It speaks sublimity, and every part has a voice. Its stripes of alternate red and white proclaim the original union of thirteen states to maintain the declaration of independence. White is purity; red, for valor; blue, for justice."

The Armistice Day message is signed by Robert A. Innis, president of the bank, and is as follows:

"Armistice Day is and should be a day of rejoicing and thanksgiving that again our arms were carried to victory in the cause of Right. But when on this day at eleven o'clock we pause to pay silent tribute to our hero dead, let us once more with right hand lifted to God, pledge our allegiance to this flag under whose folds they made the supreme sacrifice that this victory might be, and let us again defend it with our very all, our lives if need be, that our Declaration of Independence may continue and the Constitution exist as the supreme law of the land."

STATE EVIDENCE CIRCUMSTANTIAL

Defense Rests in Perkins Arson
Case at Two O'clock and Jury
Was to Get it at Four

TWO HOURS FOR ARGUMENTS

Defendant Sticks to Story That He
Did Not Know How Store Room
Caught Fire

The case of the state against Earl Perkins, charged with arson, was expected to be given over to the jury at four o'clock this afternoon, as the evidence was completed at two o'clock and each side was allowed an hour for the final arguments.

Each side put up a hard fight in the case, and the decision of the jury will have to be reached on circumstantial evidence that is alleged to have incriminated the defendant.

The state finished with their side if the evidence about ten o'clock this morning, and the defense then began their testimony, following the opening statement to the jury by Albert C. Stevens, attorney for the defense.

Perkins, who is charged with setting fire to a store room at Seventh and Arthur street last April, in order to collect \$800 of \$900 insurance that he had on household goods stored in the rear of the building, was expected to take the stand late today on his own defense.

Mr. Stevens in presenting his statement to the jury this morning, stated that their evidence would show that in 1922 Perkins was a farmer, tenanting on the shares for Ora Logan, south of Rushville, and at that time took out an insurance policy for \$2,300 on his household goods, grain implements and other belongings.

The policy, he said, was written by Orville Maple, and when the defendant moved to the Earl Winslow farm, the agent for the company delayed action in transferring the policy, and at about that time the agent received a prison sentence for embezzling funds from the insurance company.

Harry Armstrong succeeded the agent, and during the interval the defendant moved to this city to the room at Seventh and Arthur streets, and the attorney stated that their evidence would show further that the new agent for the insurance company, Mr. Armstrong, had told

IN CONTACT WITH 2550 VOLTS

Son of Carthage Man Saved Because
of Being Strapped to Pole

Knightstown, Ind., Nov. 9.—Lyle Brennan, son of F. F. Brennan, owner of the Carthage Electric Light Plant, had a narrow escape from death about 1:30 p. m. Wednesday, when coming in contact with an electric wire carrying 2,550 volts. He was working at the top of a pole near the power house at Knightstown, and only the fact that he was strapped to the pole and was "dug in" with his climbing spurs, prevented him falling backward to the ground.

He recovered sufficiently a little later to descend the pole. Five fingers were burned through heavy sheepskin-lined gloves and he suffered from contracted muscles about the back and chest, and although able to be out will not work for several days.

An hour previous to this accident, F. F. Brennan had ascended the pole with a glass insulator in his belt, and the glass fell, striking William Shaffer, a workman, on the head and inflicting a painful injury.

KLAN ON ROCKS, SIMMONS SAYS

Founder of Ku Klux Klan Asserts
Organization May be Down, But
Cause Must Live

SOUL MUST NOT BE KILLED

Simmons Reveals That He Plans
New Organization With Nucleus
of His Following in Klan

Atlanta, Ga., Nov. 9.—The Ku Klux Klan is on the rocks, Wm. Joseph Simmons, founder and emperor of the organization, declared today.

In an interview discussing events which split the Klan into factions, one headed by himself, and the other by Imperial Wizard H. W. Evans. Culminating in the murder of W. S. Cohn, attorney for Simmons, by Phil E. Fox, publicity man for Evans Simmons said:

"The klanship is on the rocks. The physical organization may be torn down. But the cause must live, the soul of the movement must not be killed."

Simmons revealed that he plans a new organization with a nucleus of his following among the Klan membership. He estimated seventy percent of the Klan members supported him and said he would call a gathering to launch his new movement shortly.

Simmons declared Evans had usurped authority beyond his office. "We have been headed for the rocks since November 1922" Simmons said.

"The first thing came over the organization of the Kamela, the women of the Klan, which Evans opposed. I have withdrawn the call for Kamela and that part of the organization has been pigeon-holed indefinitely."

Officials seeking to establish a motive for the shooting of Cohn by Fox today questions high officials of both factions of the Klan.

Evans To Speak at Fort Wayne
Indianapolis, Ind., Nov. 9.—Dr. H. W. Evans, imperial wizard of the Ku Klux Klan, will make a public statement on the slaying of William S. Cohn, attorney for an insurgent element in the order, at a meeting of Indiana Klansmen in Fort Wayne tomorrow, Milton Elrod, spokesman for the Indiana realm of the Klan, declared today.

Elrod declared Evans has made no effort to evade making a statement in connection with the murder of Cohn.

\$38,000 "Mansion" Presented At
Impeachment Session

Influence Of His Official Position
To Dispose Of Them

Oklahoma City, Okla., Nov. 9.—Alfred Blake, closest adviser to J. C. Walton during the suspended Governor's fight with the Ku Klux Klan, gave damaging testimony against his former chief in the executive's impeachment trial today.

While "Governor Jack" sat smoking his eorn cob pipe with Mrs. Walton sitting closely by, Blake told of the employment of men for the governor's personal service, who were on the pay roll of various departments of the state.

Blake said he knew five men on state payrolls who gave their time to personal service for Walton.

By S. A. BARKER
(U. P. Staff Correspondent)

Oklahoma City, Okla., Nov. 9.—Testimony concerning the purchase of a \$38,000 "mansion" by Governor J. C. Walton with money obtained by sale of notes to the Marland Oil Company, was presented at today's session of the impeachment hearing against the suspended executive.

Long lines of curious waited before the doors of the senate chamber attempting to gain admission to witness the spectacular battle for his job by Oklahoma's "fire-eating" governor. Although the galleries will only accommodate 2,000, crowds before the doors at the opening of the second day of the impeachment hearing was estimated at 5,000.

Turn of Events in Germany May Upset
Hughes Program For Settlement
of Reparations Muddle

VIRTUAL DECISION CERTAIN

French Envoy in Washington Scheduled
to Call on State Department
Some Time Today

By A. L. BRADFORD
(U. P. Staff Correspondent)

Washington, Nov. 9.—The fate of the American plan to settle the reparations controversy through an expert conference to investigate Germany's capacity to pay, is expected to be virtually decided today.

At the same time the Bavarian rule in Germany and rise to power of General Ludendorff has injected a new element, leading diplomatic quarters here to believe that this turn of events in Germany may upset the Hughes program.

Ambassador Jusserand, the French envoy here, is scheduled today to go to the state department and deliver to Secretary Hughes another communication from Premier Poincare, which, according to informed quarters, will spell an agreement or disagreement between the American and French governments over a basis for the proposed conference.

Meanwhile the state department was awaiting from Ambassador Houghton at Berlin, detailed advices on the Bavarian uprising.

In advance of a report from Houghton, department officials early today declined comment in any form of Houghton's reported warning to the Germans that a monarchist coup would mean the United States would abandon efforts to get the reparations tangle straightened out.

French Reiterate Stand

Paris, Nov. 9.—The French foreign office today published a note explaining the position of France toward the proposed conference of experts to determine Germany's capacity to pay reparations.

The note reiterated France's position that the conference is useless if it is to consider the poverty of prosperity of Germany in the future, as that cannot possibly be determined.

The note said the proposed conference should first deliver the allies a statement of Germany's resources at home and abroad and then indicate that part of these resources can be used for the payment of

Chicago, Ill., Nov. 9.—Fire in the hay warehouse of the Union Stock yards and Transit Company in the heart of the packing district, caused damage estimated at \$300,000 here today. About 11,000 tons of hay were destroyed.

Hundreds of head of cattle in pens nearby were frightened and workers experience difficulty in hearing them to a place of safety.

The fire was confined to the warehouse.

NEWCASTLE MAN IS HONORED

Four Rushville Attorneys Represent
Rush County Bar at Muncie Banquet
Thursday Night

Judge Will M. Sparks of this city made the principal address at a banquet held in Muncie Thursday evening in honor of Judge Fred C. Gause of Newcastle, who was appointed judge of the Indiana supreme court two weeks ago by Governor Warren T. McCray. There was also a short address by Judges Charles K. Bagot of Anderson, and Rufus Hushaw of Newcastle, who succeeded Judge Gause as judge of the Henry circuit court, presided as toastmaster.

Douglas Morris, Donald L. Smith, George W. Young and Judge Sparks represented the Rush County bar at the dinner, which was held at the Hotel Roberts in Muncie and which was attended by approximately 150 jurists and attorneys from eleven eastern Indiana counties.

Judge Sparks electrified the banquet with his address on the subject, "Bench and Bar," according to the Rushville attorneys who attended. Mr. Morris said that the lawyers and judges present arose as one man when the Rushville judge had finished his address and cheered him to the echo.

"Give us a judiciary that is not afraid to stand firm for the right at all times," was one of Judge Sparks' assertions that won approval of the jurists, according to a dispatch from Muncie describing the banquet.

Judge Bagot's remarks on appreciation of the jurist in whose honor the banquet was arranged found hearty response when in speaking of the honor that has been bestowed upon Judge Gause, he declared him to be "a man who was born to be a man among men—a leader of men, one who will go on and on in the path of fate and progress."

After expressing his appreciation of the honor done him, Judge Gause, responding briefly, confined his address largely to an appeal for the higher standardization of the profession of law. "While," he argued, "there is need of raising the standard for admission to the bar and there should be no objection to raising the standard of educational requirements," he insisted that character was the principal foundation requirement, declaring firmly for the man of "high ideals," and said that a dishonest educated lawyer is more harmful than the ignorant practitioner.

ADMIT MURDER OF CASHIER, REPORT

William Jones And Theodore Armstrong
of Bicknell Said to Have
Confessed Killing

THREE OTHER MEN RELEASED

Signed Confession in Edwardsport
Bank Robbery Not Made Public
Due to Fear of Mob Violence

(By United Press)

Vincennes, Ind., Nov. 9.—A full confession to the murder of Charles Wright, cashier of the Edwardsport state bank, has been obtained from one of the suspects held in the Knox county jail, it was announced at the sheriff's office at noon today.

The confession came after eighteen hours of continuous grilling. The other suspect, it was understood still stoutly maintained his innocence.

The two men under arrest are William Jones and Theodore Armstrong, Bicknell miners.

Vincennes, Ind., Nov. 9.—William Jones, 23, and Theodore Armstrong, 30, of Bicknell, are held in the county jail here today following an all night grilling of five suspects taken in connection with the murder of Charles Wright, assistant cashier of the Edwardsport state bank, during an attempted holdup yesterday.

It was rumored that the two men had signed a full confession, but that announcement of the confession was withheld by Prosecutor Floyd Young because of fear of mob violence.

Miners from the Edwardsport fields joined the crowds of Vincennes citizens which swarmed around the county court house all night long while the suspects were being questioned.

Threats of mob action against the suspects were heard.

Early this morning Cecil Squires, Fred Opendorf and Jesse Opendorf were released and Jones and Armstrong were taken to the jail for further questioning.

"We're satisfied we have the right men," Prosecutor Young declared this morning. "The case is coming along fine, but we're not in position to say anything further at this time."

Squires, and the Opendorf brothers were arrested here yesterday afternoon when they drove into town with a car answering the description of the machine in which the slayers of Wright escaped from Edwardsport.

Close questioning established the

CANDIDATES ATTEND COMMITTEE MEETING

Several Formal Announcements Expected
as Result of Gathering
of Indiana Democrats Today

GOVERNORSHIP ASPIRANTS

Indianapolis, Ind., Nov. 9.—Prospective candidates for the democratic gubernatorial nomination came hopefully to Indianapolis today for the meeting of the Democratic state committee.

Several formal announcements were expected from the candidates and near candidates as a result of the meeting.

Those invited to attend and air their ambitions, if they have any, for the governorship, were: Dr. Carleton B. McCulloch, Indianapolis; William N. O'Brien, Lawrenceburg; Dale J. Crittenger, Anderson; John S. McFadden, Rockville; Charles S. Batt, Terre Haute; and Joseph M. Cravens, Madison.

None of these men has yet made formal announcements but all are much talked of as possibilities. So modest have the Democratic aspirants been that each waited for some one else to take the first plunge.

Finally, with three Republican candidates already announced and making preparations for active campaigning, the Democratic state committee decided the time had come when modesty was no longer a virtue. The meeting was called to get the prospective candidates together and start off the race.

Klan leaders refused to reveal when Evans was to arrive in Indianapolis, or when he would leave for Fort Wayne.

Rupprecht, throughout the world war, opposed Ludendorff as visionary, whose plans pointed to disaster. Without Rupprecht's support the Ludendorff hope in the monarchists' interest had to turn to the Hohenzollerns. This is doubtless the reason why so strenuous an effort was made by the reactionaries a few days ago to arrange for Crown Prince Wilhelm Hohenzollern to return to Germany.

The refusal of the allies to agree to this man left the Bavarian monarchists without a monarch to put on the throne and thus handicapped the Ludendorffian movement died aborning.

NEW MAPS OF STATE ROAD SYSTEM ARE OUT

Contain Recently Adopted Mileage and Show Renumbering on Approximately 20 Percent of Roads

MAPS ARE FREE TO PUBLIC

New maps of the Indiana state road system containing recently adopted mileage, and showing renumbering on approximately 20 per cent of the roads, have just been issued by the state highway commission.
John D. Williams, director of the state roads body, has ordered maps sent to each newspaper office in the state, hotels and numerous garages. The map is free if the public will either write or call at the department offices in the statehouse.
The Standard Oil Company of Indiana, Inc., has placed maps in their 200 filling stations in this state and by receiving a traffic report weekly from the commission showing condition of the roads, is prepared to perform an excellent service to the motoring public. With one of the best road systems in the nation; also the best marked, the motoring public will find it very convenient to travel state roads merely by following the numbers designated on the new maps and duplicated along the highways.

fact that the men had no connection with the Edwardsport holdup, it was explained when the trio was released.
Jones and Armstrong, age coal miners from Bicknell. Both failed to show up for work at the mines yesterday. According to evidence in the hands of the county officials, the two men drove west of Bicknell yesterday morning and forced a farmer to give them a jug of white mule.
They told the farmer they were members of the horse-thief detective association, according to the evidence, and said he would be arrested if he didn't come through.
After drinking the moonshine, the two men planned the Edwardsport robbery, according to the charges, and drove to that town.
Prosecutor Young refused to reveal further details of the confession which he was reported to have. It was said however, that Armstrong had admitted firing the two shots which killed Wright.
Wright was slain shortly after noon yesterday when two bandits entered the bank and demanded that he turn over the cash.
He was alone at the time. The business section of the town was practically deserted.
Two shots were fired in the bank and the two bandits fled in an auto, firing at pedestrians as they sped out of town.
Wright was shot in cold blood. He had apparently attempted to defend the funds of the institution which had been entrusted to his care. He was found lying in the cashier's cage with two bullet holes through his body.
Yesterday was payday at the coal mines near Edwardsport, and the robbers were apparently well enough acquainted with the community to know this fact.
They lost their nerve after killing Wright and fled without taking any of the money from the cashier's cage.
The Edwardsport bank was robbed of \$2,000 by two bandits in a daylight holdup last July.

him on several occasions that the \$2,300 policy was void unless he had it changed at once.
The attorney emphasized the fact that Perkins well knew that the policy could not be collected because the agent had warned him to make the necessary changes.
The defense also stated that their evidence would show further that the defendant was unable to find an empty house in which to live, and had stored his goods there until he could find a house, and that he rented one in West Third street, and was preparing to move on the Monday following the fire on Friday.
The attorney also stated that two colored men entered the pool room early that morning and slugged the defendant, and that he was unconscious, and did not know how the fire had originated. The defense maintained that Eddie Walters, owner of a grocery store at Second and Cerro Gordo streets, would testify that on the night prior to the fire, that two colored men, answering the description as given by Perkins, had entered his store for a small purchase, and aroused his suspicions.

**DELIVERANCE:**—For He shall deliver the needy when he crieth; the poor also, and him that hath no helper.—Psalm 72: 12.**Railroad Guarantees**

The Erie-Cummins transportation act guarantees nothing to the railroads, yet there are men and periodicals who have affirmed that the government not only guarantees a fixed earning to the railroads, but actually pays out of its treasury large sums of money to make good this guarantee.

This is far from the truth. Furthermore, recent statistics announced by the interstate commerce commission disclose that the railroads, in spite of high rates and record-breaking business, will make less than five percent on the par value of outstanding stock this year, if business continues the last fourth

who have tried Lydia E. Pinkham's Vegetable Compound for ailments peculiar to their sex, have been benefited by it. What a marvelous record for any medicine to hold! Over 50,000 women replied to a questionnaire recently sent out by the Lydia E. Pinkham Medicine Co., of Lynn, Mass. 98 percent of whom definitely stated that they had been benefited or restored to health by this old-fashioned root and herb medicine. This is a most wonderful record for efficiency, and should induce every woman who suffers from any ailment peculiar to her sex to give it a fair trial.

of the year as it did the first three-fourths.

In contrast to these figures, is the statement of "Labor," a New York publication representing the railway labor unions, which asserts that the profits of the railroads this year will amount to enough to pay 8.9 percent on every share of stock outstanding.

Certainly there is a gross misrepresentation of facts some place. Naturally "Labor" is dedicated to the purpose of fostering the interests of the organized railroad worker, and if there is any misrepresentation of facts, fair-minded people would be inclined to suspect the labor paper. It has been pointed out repeatedly the heavy overhead incurred by the railroads is through labor charges, which has been blamed in a large measure for the continual increase in freight rates.

We can not soon forget the "capture" of the white house during the trying days of the war, when the labor unions had the upper hand, and when the president and Secretary McAdoo capitulated. Organizations that will take advantage of a situation such as that was, when our common country was in peril, may be expected to go even farther in times of peace, to serve their own ends.

Socialistic Bubble Explodes

With the admission publicly made by the Australian Premier that national operation of ships has resulted in bankruptcy, another socialistic bubble is punctured.

Government operation of the Australian fleet has paid nothing into the public treasury, but has taken \$30,000,000 out of the pockets of the Australian people.

Their big fleet was taken over during the war under rather favorable conditions, Australian ships operating free from all restrictions imposed on other shipping.

Socialists rejoiced that tonnage was short, markets plentiful, middlemen and selfish interests ditched and only the public welfare was to be considered.

The Prime Minister shows a loss in operation of \$14,000,000 in two years, and gross cost of the fleet of \$70,000,000 shrunk to \$23,000,000.

A new shipping board is to take over the fleet at \$23,000,000, and a great \$11,000,000 dockyard, at \$2,000,000.

The taxpayers who lost a large sum in the venture, are now asked to supply a farther large sum to enable the government to continue in the business.

Socialism promises to improve the condition of the people but the results in Australia as elsewhere only impoverish them.

INFANT CHILD DIES

An infant child of Mr. and Mrs. Forest Glidwell died this morning at the Methodist hospital in Indianapolis, and the body was brought to East Hill cemetery here this afternoon and buried. Mr. and Mrs. Glidwell, formerly of this city and of Milroy, have since been living in Anderson. In Milroy they had charge of the telephone exchange for a number of years.

From The Daily Republican
Tuesday, Nov. 10, 1908

A hunting party, which is the fourth one to be formed in this city within the last few weeks, left this morning for a ten days' stay a few miles below Fayetteville. The party is composed of Ol Dale, Fred Clevenger, Ol Walton, Robert Kelley and Frank Pearsey.

The Senior class of the local high school has secured a high class lecture course for the coming winter. It is strictly first class and will sustain the standard set by the Wednesday Evening club in previous years.

Ernest B. Thomas, secretary of Congressman Watson, is now busily engaged, together with two stenographers, assisting Mr. Watson answer the hundreds of letters he has received since the election from his friends throughout the entire county.

County Superintendent W. O. Headlee today handed in his resignation, which will take effect Wednesday, November 13, to County Auditor Albert Winship. Mr. Headlee has sold his property in West Tenth street and together with his family, will leave in a very short time for San Angelo, Texas, where he will probably live, if the climate is agreeable. John Geraghty, W. A. Stockinger of this city, Orlando Randall of Mays Station, and C. M. George of New Salem are all aspirants for this position.

Mrs. Bertha Thomas and children and Mrs. D. H. Dean and children went to Indianapolis today. Mrs. Thomas will leave there this evening for her home in Colon, Panama.

Mrs. Raymond Hargrove personally conducted the Coterie on a "seeing Rush county in a bus" tour on Monday afternoon, when a trip to the country home of Mrs. Alfred Blackridge was taken. "Always room for one more" was proved false on this occasion, for "no more" would have been compelled to ride on top of the vehicle, were perched two gleeful "tiny tads," Richard Pugh and John Davis.

About forty friends and relatives gave Oda Winkler a complete surprise Sunday, November 8, at his home in Jackson township, it being his thirty-seventh birthday anniversary.

Mr. and Mrs. L. B. Springer and Mr. and Mrs. Raymond Springer of Connersville spent Sunday here, the guests of Mrs. Panthea Smiley in North Harrison street.

The Tri Kappas held their regular meeting last night at the home of Miss Henrietta Coleman in West Third street. After the meeting, the members of the sorority were entertained by Mrs. Ida Spurrer McDaniel at her home in Harrison street with an oyster supper.

The electric light companies and state fire marshal's office will please "view with alarm" the fact that a woman's dress was ignited by a candle in Indianapolis and she was seriously burned.

The first snow flake may have fallen, but what worries most of us is the time when a group of them get in a formation and come down together.

If the state board of pardons would act favorably on the local clemency petitions pending, Rushville might at least increase her population.

The McCray creditors' committee is not the only one that is puzzled about where to raise the money to pay taxes.

Saturday Football

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Nov. 9—Perhaps the "Big Three" has lost most or all of the priority rights that it formerly exercised over all football interests.

Since the great college game spread to the fertile fields of the middlewest and south, the "Big Three" no doubt has lost much of its prestige, but it has not declined to the point of being the "Little Three."

By an unusual lull in the schedule which, up to the present time, has been choked with a flock of most interesting games, Harvard and Princeton will resume their old place and top tomorrow's card.

The rather tattered Tigers and the always strong Harvard eleven will start the fight for the "Big Three" championship in the Palmer Stadium at Princeton.

Defeated, and made to look very bad by that great Notre Dame machine, the Tigers will not carry into the game the interest that would be attached to an undefeated team and a prominent contender for the eastern championship that Princeton has been in the habit of developing in the past three years.

Harvard, without the great George Owen, has not been as formidable as in past years, but regardless of the possibility that neither team measures up to past standards, the Princeton-Harvard game is rich in its tradition and prestige and the established classic of the day.

It may turn out to be the best game of the day. There are no quitters among the Tigers, and it is quite possible that the reverses of the earlier season will be the makings of a great team against Harvard and Yale.

Princeton was defeated by Colgate and West Virginia in 1919, but the Tigers came back and covered

themselves with glory against their rivals of the "Big Three."

As a colorful spectacle the Princeton-Harvard game, perhaps will be the leading game of the day, but national interest is by no means centered in the battle among the Nassau hills.

Bobbing up out of the schedule, the Notre Dame-Nebraska game at Lincoln may look like an easy day for the most powerful teams of the east, and after watching that fine eleven one week later when it gave a lesson to the masters of eastern football by thrashing the Princeton Tigers, it was hard to conceive of any team in the country that stood even a small chance of beating Rockne's band.

Nebraska, power of the Missouri Valley conference for two years, apparently is not as formidable as it was last year, but the Notre Dame players approach the game with some concern.

After the Princeton game, the "Micks" said Nebraska was the only team on their schedule they were concerned about as they have been brought around to the belief that they are always jinxed in a game against Nebraska.

It has been a hard, exacting schedule for Notre Dame, with one terrific game after another one, and if the eleven is not right on edge for this game it will be nobody's fault.

Penn State and Georgia Tech will offer an interesting intercollegiate game at State College. The southerners, not quite so good as they have been in the past, will find one fine large job in stopping young Harry Wilson, an All-American half-back if there is one in the east.

Wilson is one of the finest players and he has carried the burden of scoring almost entirely upon his shoulders.

Right out of the Notre Dame and Alabama games, it will be no soft spot for Tech to fall into.

IRELANDERS REACH LINCOLN

Notre Dame Takes Brisk Workout in
Corn Huskers Stadium Preparatory to Game

Lincoln, Neb., Nov. 9—Notre Dame's pugnacious Irishmen arrived here today and took a brisk, short workout in Corn Husker Stadium.

Thirty five of the team from South Bend, Ind., practiced with a snap that discredited any stories of staleness on the Mick's part.

Work for the Nebraska eleven was tapered off to the minimum and

they used the field but a few minutes, to limber up today.

Early indications are that the two lineups will give Nebraska a weight edge of six pounds to the man on the line and ten pounds to the man in the backfield.

The Corn Husker attack has been speeded up in practice this week, reports from the secret sessions indicated. Coach Dawson has spent the most of his time getting the heavyweight linemen to crash into their opponents with speed.

Notre Dame is ranking under the sting of defeat in their game here last year and make no secret of their desire to win by an overwhelming score tomorrow.

Nebraska, admittedly weaker than last season, has made a very mediocre showing so far this season but is expected to take a decided brace against the Irishmen.

What little betting that is going the rounds gives the Notre Dame team a 20 point margin to win.

Armistice Day for Lincoln will be held in connection with the game that is the premier grid attraction for the Missouri Valley for this year.

CHICAGO Y. TEAM IS AFTER REVENGE

Will Make an Attempt to Even up
With Wabash College For Defeat
Suffered Last Year

GAME AT CRAWFORDSVILLE

Crawfordsville, Ind., Nov. 9—A year ago when the Little Giants of Wabash College defeated Chicago Y. M. C. A. College by an overwhelming score, one of the defeated players declared, "If we ever get a chance at Wabash again, we'll beat 'em."

Whether that man had any idea of playing the Little Giants again is not known. But this is certain, if they are ever to defeat Coach Vaughan's football team, next Saturday will be their best chance when they come down to Ingalls field at Crawfordsville for another contest on the gridiron. For the Wabash team has not in years been as badly upset by sickness and injuries as it is this season. This added to the fact that no freshmen can be drawn on for strengthening the lineup, makes the Wabash prospects for at least another week look gloomy.

It is understood that Coach Vaughan will spare the few able veterans he has as much as possible for every Wabash student is asking for a victory over Indiana University, Saturday November 17th.

Sideline Glimpses

Chicago.—The Maroons scrimmaged for an hour and then went through a signal drill, putting in the last kinks before the game with Indiana here tomorrow.

Bloomington.—New plays learned by the Indiana regulars proved to be worth several touchdowns in scrimmage with the Freshmen. The squad leaves for Chicago today.

Madison.—Although Badger hopes have been dampened by Gerber's ineptitude and discouraging reports about the condition of the team, the Wisconsin squad was given one of the biggest send-offs in football history here.

Urbana.—The Illini went through a dummy scrimmage on the stadium grid iron and then were taken by Coach Zuppke to the Champaign Country Club to stay until the Wisconsin game.

Evans.—The Varsity did most of its advancing by means of the forward pass in a scrimmage against the freshmen in which every man on the regular Northwestern squad was given an opportunity to play.

Iowa City.—The Iowa regulars scored seven touchdowns on the reserves with Seantlebury, Yorkes and Fry being used at quarterback. Krasuski, tackle was back in the game after being out since the Knox contest.

Columbus, O.—Gunning for rits gest hospital list o fthe season as it State eleven, with a re-arranged line-up, left for Lafayette to battle Purdue University.

Lafayette.—Purdue had its biggest hospital list o fthe season as it prepared for the Buckeye onslaught. Mayer and Rosberg, linemen, will be unable to play.

Minneapolis.—Freshmen, armed with Hawkeye plays, walloped the Gopher regulars in a grueling scrimmage. Holmberg, lineman, will be out of the game for the rest of the season on account of a stroke of paralysis.

The Big Game

Bloomington, Ind., Nov. 9—Several men probably will start their first Western conference game as regulars on the I. U. varsity when the Indiana football team meets Chicago Saturday at Chicago in the third Big Ten game of the season for the Hoosiers. Coach Navy Bill Ingram would make no announcement about his starting lineup, but it is understood that Chicago will not face the same eleven men who lined up against Wisconsin. Since the disastrous Badger tilt Ingram has changed his lineup continually in an effort to find his strongest combination.

Max Lorber, speedy and sturdy sophomore who has been a substitute in the backfield, will start the game at quarterback. He played the entire game at quarter against Hanover last Saturday. Last Saturday and was one of the bright lights of the backfield. Wilkens, the former quarterback, has been shifted to left end and probably will start the Maroon game there. A backfield certainty is Laurence Marks, the Crimson's flashy runner. Moomaw or Prucha will play the other halfback position with Sloate or Zivich at fullback.

Sam Niness, tackle, and Harry Hoblick, guard, appear to be likely selections on the left side of the line. Both these erst-while substitutes have shown aggressively in recent workouts and close followers of the Indiana team believe that they can close two holes that have been noticeably open in the forward wall all season.

Ingram probably will choose the remainder of his lineup from the following men: Eberhart, Knoy, or Bernoske, ends; Fisher, McCool, Zaiser, or Reynolds, tackles; Springer, Nummy, or Parsell, guards; Capt. Butler, center.

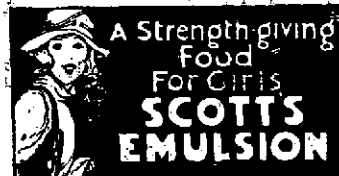

Five hundred Indiana Students have chartered a special train, and accompanied by the Crimson's 135-piece band, will depart at midnight for Chicago. Plans have been made for a big Hoosier celebration in Chicago tonight and tomorrow. Featured on the program is the "I" men's fight fest and banquet which will be held tonight for Indiana "I" men and Crimson followers at the University Club.

Muirhead, tackles and Carran, end, all on the hospital list, will not play against the United States Marines tomorrow, but will be saved for the Michigan-Wisconsin game next week.

New Haven, Conn.—Yale will beat Harvard this year, the Yale News put itself on record officially in an editorial. It was pointed out that Harvard would rather beat Princeton than Yale but would give Yale a hard fight. It was also denied that Ted Jones was going to quit his coaching job.

West Point, N. Y.—Final practice for the game tomorrow with the Arkansas Aggies had the cadets working behind closed gates. Doyle, star end who was hurt in the Yale game, is back in uniform and may be able to play tomorrow.

New York.—Cornell's championship candidate eleven arrived here today for tomorrow's game with Columbia. The squad will work out this afternoon at the Polo Grounds.

Zev Establishes New Mark By Winning \$3,000 Event at Pimlico

Pimlico, Md., Nov. 9.—A new record for turf winnings was established here when Zev, the Rancocas 3-year old won the \$3,000 serial weight for age event.

The colt ran up his total earnings for two seasons to more than \$279,000, which is far ahead of Man O'War's previous American record of \$249,000, and a little less than the world's record of \$291,000 set by the English champion, Issing-lars.

Kzar, a French horse, is credited with having won \$329,000 but his winnings were figured in depreciated Francs and really amounted to only \$136,000 for three seasons.

War Dept. Employee Offers Strong Proof

"The Tanlac treatment is good in the fullest sense of the word," is the concise manner in which P. M. Hubbard, 313 Cameron St., Alexandria, Va., a clerk in the War Department, Washington, D. C., recently spoke of his experience with the medicine.

"For more than a year past I have suffered from a nervous run-down condition. My digestive organs did not work right, I had little appetite and what I did eat failed to give me proper nourishment. My rest at night was broken, my nerves unstrung, I was considerably under

weight, had lost much energy and always felt more or less fagged out. "I bought Tanlac on the advice of a friend and can say that it fully met my needs in every way. I now feel stronger and better by far than I have in months. I eat well and sleep well, have gained up in weight and energy, and feel renewed in every way."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold.

number of their invited guests. The hostesses were Miss McClanahan, Mrs. Charles Offutt, Mrs. C. E. Walden, Mrs. Nell Ashworth and Mrs. Will M. Amos. A program of rare merit and variety was given by three of the members, Mrs. Hugh Mauzy, Mrs. Derby Green and Mrs. Russell Harton, along with Mrs. Jessie Kitchen of Columbus, Ind.

Each number was excellent and showed fine musical taste and skill. The duos by Miss Kitchen and Mrs. Mauzy were very fine, the Spanish Rhapsody, especially eliciting much admiration. Miss Kitchen, formerly of this city, is a favorite with Rushville music lovers, who appreciate her great ability as a pianist and she was given a hearty welcome. Mrs. Mauzy, Mrs. Green and Mrs. Harton charmed all by their excellent work and Mrs. Young and Mrs. Crane showed excellent ability as accompanists.

The new club is greatly to be commended for reviving the study of music in the midst of local musicians, and if the program of yesterday is an example of the future, its success is assured. At the conclusion of the program, refreshments were served and a social hour passed.

The program was as follows:
1—Suite Op. 15, three movements (Anton Arensky).
Romance—Valse—Polonaise, Miss Jessie Kitchen, Mrs. Hugh Mauzy.

ing his private chauffeur upon the payroll of the state health department, the senate prosecutors began presentation of testimony regarding purchase of the Walton home in Muskogee. It is alleged that Walton used influence of his official position to dispose of the notes.
State Auditor C. C. Childers and Adjutant General Baird H. Markham testified that T. P. Edwards, the governor's chauffeur had been placed on the payroll of the state health department and also had been commissioned in the national guard without the regulation army oath or without previous military experience.
Balloting upon the impeachment counts will not be started until testimony supporting the 22 charges has been submitted and the defense allowed to reply.
According to the plan adopted, the prosecution will question witnesses upon the individual counts and allow the defense to cross-question. Completion of the prosecution investigation was expected to be finished by the middle of next week when the defense will be allowed to present its case.

METHODISTS TO HOLD STATE MEET

On November 13 State Council Has
Session And on 14th Four Large
Meetings Will Be Held

INCLUDES EPWORTH LEAGUES

National Officers of League to Come
From Chicago to Conduct Confer-
ences—DePauw Choir to Sing

The Methodists of Indiana will hold state-wide meetings of the highest importance in Indianapolis, November 13th and 14th. The first day the State Council has a session. The outstanding day is the 14th when four large meetings will be held. The Epworth Leagues of the state will meet all day at Central Avenue Church. The national officers of the League will come from Chicago to conduct training conferences. The DePauw Choir will sing. Dr. Daniel L. Marsh, the missionary authority of Pittsburgh, will give the evening address.

At Meridian Street Church laymen will have a meeting for men and women at 10:00 o'clock. The speakers will be Homer M. Frank, Jeffersonville; A. B. Cline, Bluffton; John A. Rowe, Bedford; and President Albert E. Smith, D. D. Ph. D., Ohio Northern University.

Pastors of the state will also meet at 10:00 in Roberts Park Church with a strong program. At 2:30 p. m. a Kingdom Service for both pastors and laymen will be conducted by the leading representatives of great causes. Dr. R. J. Wade speaks on "Thy Kingdom Come", Dr. D. D. Forsyth, Philadelphia, "Christ's Task in America", Dr. Clarence True Wilson, Washington D. C. will give a rousing address on "The Church Needed". He is the head of the Methodist Board of Temperance and Public Morals.

The high point of the Convocation will be the mass meeting at Roberts Park Church at 7:00 p. m. Dr. B. D. Myers of the Indiana Medical School will preside. The chief speaker will be Mr. Arthur Nash, called "The Golden Rule Merchant", the Cincinnati manufacturer who in three years has increased his business from \$100,000 to \$4,000,000 by Golden Rule methods. At this meeting also the choir of Wesley Foundation of Purdue University Methodist Church, 70 voices will give a rich program. All the sessions are open to the public.

three old admirers. The three men are played by Claude Gillingwater, William H. Crane, veteran of the stage, and Alee Francis. Others in the cast are John Sainpolis as Sydney's father, unjustly imprisoned as a forger, William Haines as her sweetheart, Lucien Littlefield, ZaSo Pitts, Martha Mattox, Fred J. Butler, Charles Hickman, Craig Biddle, Jr., Creighton Hale and Raymond Hatton.

The picture has one great spectacular scene in which three convicts break jail in an armored motor car which is later wrecked. This scene is guaranteed to furnish thrills a-plenty. The story ends happily with Sydney's father returned to her. The photography is beautifully clear and the exteriors contain many "shots" of charming scenes.

"The Fighting Strain"

"The Fighting Strain," which comes to the Mystic Friday, is a powerful and different story from any of the previous stories heretofore released on the Neal Hart series—a story of staunch friendship and red-blooded men.

The hero Jack Barlow (Neal Hart) who answered his country's call in the Great War and the fighting strain in his veins won quick promotion from the ranks.

During one of the rushes over the top Jack rescues from certain death his buddy Canfield, who swears undying friendship should they ever get back to America.

Bess, Jack's sister, while he is "over there," lives alone on his ranch.

Jim Black, a crooked mine operator, makes love to her, having the knowledge that her father, now dead, had a rich undeveloped claim in Canada; she refuses to marry him, however, until her brother Jack returns or she hears he will never return.

Conceiving an idea, Black bribes the town printer to publish the news of Jack's death, and showing this to Bess she consents to go to Canada to the scene of his operations.

Jack and Canfield return to America and are met by Canfield's father and sister, at which meeting it is a case of love at first sight on the part of Canfield's sister and Jack.

Canfield persuades his father to allow him and his sister to inspect his mine in Canada in which he has invested a large sum.

Jack returns to his home, and asking about his sister, learns of the conspiracy and sets out on the trail.

To appreciate the powerful denouncement to the thrilling story, it is necessary to see it enacted on the screen.

Opening Bill At Castle

A blending of charming comedy, thrilling reality and fascinating romance is promised in Goldwyn's first King Vidor production, "Three Wise Fools," from Austin Strong's popular stage play produced by John Golden and Winchell Smith, when it comes to the Castle theatre today for two days. Vidor is known as one of the most gifted of the younger directors. His stories and characters have the aspect of reality without sacrificing romance and charm. In this photoplay he is said to have surpassed his own previous good work.

Goldwyn gave him a most capable cast to interpret the story. There is Eleanor Boardman of "Souls for Sale" fame as Sydney Fairchild, daughter of the woman with whom the "three wise fools" had been in love in their youth. She had married another man, and, upon her death, gave her daughter to the care of her

Jobs are scarce for the Physically Run-Down

THE DOOR of opportunity flings wide its portals only to the man who is up and doing—who is filled with pep and punch—with rich, red blood tingling through his veins. Mountain size obstacles dwindle to ant hills and ambitions become accomplishments to these sort of men.

Where is the employer who seeks the man who is physically run-down?—The man without stamina to withstand the knocks and gaff of the hurrying, scurrying world of business?

S. S. S. is the long established and time honored creator of red blood cells. You cannot expect to get very far up the ladder unless you are equipped with a body that is strong and vigorous. S. S. S. will start you on your way. Don't allow the "Door of Opportunity" to be closed to you because you have not the stamina to withstand the gaff—because your nerve power is lacking. Build up your system!

S. S. S. made of carefully selected and scientifically prepared and proportioned herbs and barks makes you fit! Get back that old time punch! When opportunity knocks be ready to answer the call!

S. S. S. is sold at all leading drug stores. It is more economical to buy a large size bottle.

STATE BUILDING CODE IS OFTEN VIOLATED

Housing Division of State Board of Health Has Issued 700 Orders to Landlords This Year

IMPORTANCE OF THE HOME

Indianapolis, Ind., Nov. 9.—Working on the theory that the future of a nation rests upon the physical and mental vigor of its children, the housing division of the state board of health has issued 700 orders to landlords this year to correct conditions found to be in violation of the state building code.

"Second only to the proper nourishment of children is the condition of the home in which they live," says A. E. Wert, director of the division. "Responsibility for seeing that the home conditions of children—particularly in the tenements—rests with the housing division."

"If the average home is poorly ventilated or badly heated, the next generation will suffer in its physical development. If the home conditions are not correct, the children cannot be expected to take advantage of the instruction offered in public schools."

The housing division has redoubled its efforts to see that the housing conditions are healthful, as evidence of which the number of orders to improve conditions is nearly twice the number last year.

Of the 700 orders sent out, only a few have had to be enforced in the courts, and in a few extreme cases, Wert ordered buildings razed.
